Re: Estate of Madeline Oliver

Dear Maria:

Just a note to let you know that we have received our share of the Madeline Oliver estate and to say thanks for all of the work you and your staff did on this file. It was quite complicated, but each time we called for an update we were dealt with in a timely and courteous manner.

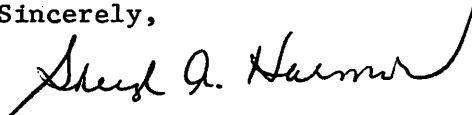

When we were contacted about this matter back in July of 1994, my husband was very skeptical until I pointed out that research firms such as yours are legitimate and that businesses do not invest in federal express mailings when there is no substance to the matter.

We were also contacted by two other agencies claiming that they could also help us in recovering the assets of Madeline Oliver. However, your firm contacted us first and were, without a doubt, the most professional in their quest for our "business".

We also have met some of the other members of our extended family. This wouldn't have happened without your help!

Once again, thank you!

Sincerely,

Sheryl A. Harmon
