Harvey E. Morse, P.A.
International Genealogical Research

Ari Morse,

I am writing this letter for two purposes; the first is to thank you for the great job you did for my family. When I was first contacted by you I thought you were trying to sell me something; boy was I wrong.

You told me that you had information on a great aunt of mine whom I had never heard of and that she had left an estate in Germany and I was one of the heirs. I didn't know what to think. Every day you hear about one scam or another. To have someone that you do not know call you and tell you they have found a distant relative who died and left an inheritance to which you are entitled, well, you find it very hard to believe.

But that is exactly what Harvey E. Morse, PA. International Genealogical Research did and I would have never known about Caroline's estate if it had not been for your company. I would like to thank you for the professional manner in which the estate was handled and for all your personal time and effort. Thanks to you and Harvey E. Morse P.A., I received my share of the estate from my great aunt Caroline.

The second reason for writing this letter is to let anyone that you contact about an estate know that you are a legitimate and professional company and I recommend you highly. And if anyone would like to speak to someone who has received an inheritance through your company, you may give them my name and phone number.

Again I want to thank you for all you have done.

Sincerely,

Ronald Zenger
