Dear Mr. Morse:

Re: Fleck Estate in Germany

I was so happy to receive my check from the above estate.
I am going to use it for a little holiday "getaway".

We were all surprised when you contacted us about this
estate back in the late 80's. The news brought the family
closer together in sharing information, pictures, memorabilia,
etc. I have visited with cousins I hadn't heard from in years.

Another side benefit is that many became interested in our
family genealogy.

We all appreciated the fact that never once did you ask for
any financial assistance up front.

I wish you well on your future cases.

Sincerely,

Dorothy M. Matzinger
