

Harvey E Morse PA

Dear Sir,

Thank you for receipt of my share of inheritance from the estate of Dr & R WESS.
Yes, it was a long drawn out effort, and I compliment your associates for the time everyone devoted to the resolution. I am old, and there is no one to ask about our ancestry. This estate has put a whole new look to our family tree. I'm not sure how you found me, but, you know, I am pleased and grateful.

In the beginning I thought it might be a scam, or something. The fact that you didn't ask for money enabled me to "go along" with the investigation, and WESS!

Thank You,

Sincerely,

Charlotte Denmark.
