Re: Estate of Paul Johnson

Dear Ms. Blair:

You are correct, I have received an additional check in the settlement of the above subject estate. Also, you are correct in the assumption that I was skeptical about your firm when first contacted about an uncle I had been told died in a naval accident prior to my birth. Extensive efforts had been made by my father to find his brother, but he had no success. So for whatever reason Paul elected not to contact any of his family for over 50 years. So understandably I was skeptical when you said I was an heir to his estate.

For the record, your firm has been more than honest and straight forward with me and my family. Everything you said has come to pass and there has been no charge to me for the financial windfall I have received.

I would highly recommend your firm to anyone who needed to have such a service provided.

Thank you again for all of the help, not just for the money, but for finally providing a since of closure to a family mystery.

Sincerely,

Robert E. Johnson
