Dear Mr. Morse:

Thank you for your assistance in finding our missing beneficiary. We were so very pleased that you were able to locate the beneficiary in South America so quickly given the little information that we were able to provide. We found your service to be quick and reasonably priced, and you easy to communicate with and attentive to our needs. We will have no hesitation using your service in the future and would recommend your services to our colleagues.

Sincerely,

A handwritten signature in cursive script that reads "Ann Hughes".
